# Conference for Members of the School of Spiritual Science

**The Michael School  
and Rosicrucianism**

**28th – 30th July 2025**

*Hosted by The General Section  
of the Anthroposophical Society  
in Great Britain*

Emerson College, Forest Row, Sussex

## Dear Members of the School of Spiritual Science

This brochure comes with a warm invitation and welcome to the Summer Conference of the School of Spiritual Science at Emerson College, hosted by the Anthroposophical Society in Great Britain.

This year's programme will take us further on the path of the cycle of 19 Lessons, which we began anew last year. Johannes Kühl (former leader of the Natural Sciences Section at the Goetheanum, who already joined us last summer) will lead us onwards from Lesson 4 – 6, where we learn to grow together with this world before crossing the threshold to the spiritual world. We have taken as our title: "The Michael School and Rosicrucianism" to lay emphasis on the union that Rudolf Steiner brought about between the Rosicrucian and Michaelic streams where, through the School with its 12 Sections, the esoteric substance of the Lessons flows into the world as practical activity in life.

The conference will be interactive with time for explorative and deepening conversations. In addition to the reading of Lesson 4, Lessons 4, 5 and 6 will be freely rendered. We will practise the exercises given in the 4th Class Lesson and delve deeper into other aspects of the Lessons through Eurythmy, led by Coralee Frederickson.

This year we will experience Emerson College in transition to realising its new vision in collaboration with Ruskin Mill Trust. One immediate consequence will be that prices for accommodation and food will be significantly more affordable than last year. Prices and a link for registration are set out overleaf.

All members of the School are most welcome – including those who have newly joined.

### Please remember to bring your blue card.

This conference will be followed from 30th July – 3rd August by the Anthroposophical Society Summer conference: "How can we Live in Freedom Today?" We hope you will be able to extend your stay to participate in this event too, also at Emerson College.

With warmest good wishes,

*Marjatta v Boeschoten*
